

WORLD ECONOMIC FORUM

In Memoriam

*Global Leaders for Tomorrow & Young Global Leaders,
1993–2026*

72 people · two programmes · thirty-four years

Architects of Stakeholder Capitalism · compiled 2026-09-07
Generated from GLT-YGL_In_Memoriam.md

Every person in either programme recorded as deceased, with the date and manner of death where they are known. Compiled 2026-09-07 from the two completed research sweeps.

The count

GLT rows marked Deceased	48
YGL rows marked Deceased	26
– people who are in both programmes	2
= distinct people	72

⚠ The two rosters must not be summed. Ted Halstead (GLT 2001 and YGL 2005) and David Webb (GLT 2001 as David M. Webb , YGL 2005 as David Webb) are each one man selected twice. They appear once below.

⚠⚠ This is a list of deaths the project has FOUND, not of every death that has occurred. Absence from it is not evidence that someone is alive. The GLT sweep's Deceased audit ran 48 of 48 with a named source and a date for every entry, and the YGL identity audit ran clean — but eleven of the GLT deaths were found only because someone actively checked, and a roster row that nobody re-checked will say Current whatever the truth is.

⚠ Two entries record a death that was publicly reported as suicide, and one where the family disputes that finding. They are recorded as reported, with the dispute stated, and nothing is inferred beyond the reporting.

⚠ Names here are spelled correctly; the directories keep the roster's spelling

The directories obey a verbatim-name rule — FullName is a byte-for-byte copy of the Forum's roster string, defects and all, because that is what makes them auditable against the source. A memorial is the one place that rule should not apply, so accents and characters the Forum's export stripped are restored here:

HERE	IN THE DIRECTORIES
Carlos A. Boloña · Lubomír Dolgoš · Mustafa V. Koç	Bolona · Lubomir Dolgos · Koc
Stefan Schörghuber · Tulû Gümüştekin · Édouard Michelin	Schorghuber · Tulu Gumustekin · Edouard
Philipp Mißfelder · Vicente Corta Fernández · Josep Piqué	Missfelder · Fernandez · Pique

Two names are also given in the form the person actually used: Xu Ming, whom the roster inverts to Ming Xu , and Jo Cox, whom the 2009 list carries under her maiden name Jo Leadbeater . Search the directories on the right-hand column.

Sourcing

Every entry derives from a row in `GLT_Directory_1993-2003.psv` or `YGL_Directory_2005-2026.psv` carrying `Status = Deceased`. Each of those rows holds its own `Source` field, and the GLT sweep's Deceased audit required a **named source and a full date for all 48**.

The standing rule, and the reason it exists: an earlier phase of this work recorded three living men — **Philip Hampton, Gediminas Vagnorius and Edgar Bronfman Jr.** — as dead, because an absence of current information, or a same-name relative, was resolved into a death. [△] *Two of the three were father/son confusions. **Edgar Bronfman Jr., born 16 May 1955, is alive**; the death he was given was his father **Edgar Bronfman Sr., who died 21 December 2013 aged 84. Nothing on this page is inferred from silence.*** Where a cause was not reported, the entry says so. Where a death was reported as suicide, the entry says it was reported, names the dispute where one exists, and goes no further.
